Monday 31 July 2023 MUCOUS GLAND

Monday 31 July 2023 SECTION OF LARYNX

Monday 31 July 2023 TRACHEA AND BRONCHI

Monday 31 July 2023 WALL OF COLON

1-The level of latent dynamic activity

3-Removing of the characteristics upon the higher level; the state of regulating systems straining

5-Compensated breaches of adaptation mechanisms

2-The level of the optimum regulation

4-Asthenisation of regulation mechanisms

6-Decompensation of adaptation mechanisms; expressed pathological states
